Purchasing Home Care Parking Permits

Parking permits are sold per calendar year starting from **1 January 2025**.

The permit fee is **€33**, incl. VAT 25.5% (€26.29 excl. VAT).

How to Purchase a Home Care Parking Permit

1. Download the **eParking** application or visit **eParking.fi** and register as a user.

Fill in the application form at **vaasa.fi/pysakointi**. Enter your eParking username on the form; this can be found in the app under your name. The username may be an email address or a phone number.

2. The City of Vaasa will issue an official decision regarding your right to purchase the permit, and you will be notified of the decision.

Once the purchase right has been approved, you can purchase parking permits via eParking.

3. The parking permit can be found in the **contract parking view** (calendar icon) above the Vaasa city centre on the map.

4. After you have applied for the permit(s) in eParking, the permit will be activated and the permit quantity verified, after which it will be approved. You will receive a notification of the approval.

5. Parking enforcement is based on the vehicle registration number, which must be correctly entered in eParking.

If the vehicle associated with the permit changes, the permit can be transferred to a new vehicle by email: **pysakoinninvalvonta@vaasa.fi**

6. The permit is paid for at the time of purchase either via online payment or by payment card.

An invoice can also be requested for a company (invoicing surcharge €3 per permit).

7. Further instructions are available at **eParking.fi** and in the application.

If needed, customer service is available at **info@eparking.fi** or by phone at **+358 3 410 892 72**.

Phone service is available on weekdays from **7:00 to 18:00**.
